NOTICE OF NONCOMPLIANCE AND REQUEST FOR SANCTIONS

TO: United States Court of Appeals for the Eighth Circuit

COMES NOW the undersigned, Jonathan Daniel Clements, Executor of ECC-TRUST-JDC-005, to formally bring before this Honorable Court the matter of direct noncompliance and obstruction of appellate procedure by the Booneville District Court, Arkansas.

On or about November 20, 2025, the presiding District Judge of the Booneville court refused to accept federal documents in person—specifically, materials relevant to the ongoing appeal in Case No. 25-3497, regarding the ECC-TRUST-JDC-005 RICO Act enforcement under ecclesiastical equity. As a result, said documents were required to be sent via Certified Mail at the expense of the undersigned, solely to ensure record acknowledgment and due process compliance.

On January 5, 2026, when the undersigned returned to lodge the NOTICE OF AUTOMATIC STAY PENDING APPEAL, the Booneville Clerk stated that she was under direct instruction from the presiding Judge to accept no filings or paperwork from the undersigned whatsoever—federal or otherwise. She further stated, incorrectly, that the active RICO Appeal pending before the Eighth Circuit had “nothing to do with this case,” despite the fact that the appeal is directly rooted in the same factual and legal record and is under review by this Court.

This constitutes clear judicial obstruction and violation of the Supremacy Clause, the Doctrine of Clean Hands, and constitutes post-default retaliation against the established equity standing of ECC-TRUST-JDC-005, whose default rebuttal period lawfully closed on August 15, 2025. The Booneville court has acted outside its authority by interfering in matters under federal review.

Accordingly, the undersigned respectfully notifies this Court and submits this Notice of Noncompliance to prompt supervisory review and consideration of sanctions or orders necessary to preserve appellate jurisdiction, lawful process, and the integrity of equity enforcement.

Respectfully submitted,

Jonathan Daniel Clements

NOTICE OF CLERK'S REFUSAL TO FILE FEDERAL NOTICE OF STAY

TO: United States Court of Appeals for the Eighth Circuit

COMES NOW the undersigned, Jonathan Daniel Clements, Executor of ECC-TRUST-JDC-005, to place on formal record the refusal of the Booneville District Court Clerk to file or accept the NOTICE OF AUTOMATIC STAY PENDING APPEAL, which was presented in person on this day for the court's required acknowledgment pursuant to Federal Rule of Appellate Procedure 8.

The Clerk stated, under direct order from the presiding Judge, that she was instructed to accept no paperwork from the undersigned, and further stated that said filing 'has nothing to do with the Booneville case.' This action was taken despite the fact that the undersigned has an open appellate case before this Court under Case No. 25-3497, docketed on December 19, 2025, and that the Notice presented directly pertains to the automatic stay of proceedings under binding federal appellate procedure.

This refusal constitutes a procedural obstruction and a direct violation of the Supremacy Clause of the United States Constitution, and further evidences ongoing retaliation and interference with protected rights.

The undersigned is submitting this Notice to the Eighth Circuit as documentation of lower court noncompliance and misconduct for the record, and reserves all rights under federal, international, ecclesiastical, and equity law.

Respectfully submitted,

Jonathan Daniel Clements
